ILLINOIS GOES FOR ROOSEVELT

Colonel Has Long Lead Over Taft in State Primary.

CULLOM BEATEN FOR SENATOR

Indications Are Roosevelt Has About 125,000 Plurality Over Taft and Has Carried Every Congressional District but One—Clark Defeats Wilson as Choice of Democrats.

Chicago, April 10.—It was a landslide in Illinois for Roosevelt. The returns received from the statewide primaries indicate that the former president carried every congressional district except one and won the whole state by a plurality of 125,000 over President Taft.

The returns indicate that fifty-six out of the fifty-eight Illinois delegates to the national convention will be instructed to vote for Colonel Roosevelt. He has captured forty-eight of the fifty district delegates and the eight delegates at large will be elected by the Republican state convention and instructed for Roosevelt as a result of the popular vote in the state at large.

The only district which, so far as returns show, has not been placed in the Roosevelt column is the Twenty-fifth in far off "Egypt" and even that may go there when the floods recede and the returns come in. Randolph is the only county in that district heard from so far and it was carried by Taft. Roosevelt appears to have carried Cook county by more than 25,000 plurality. He rolled up a tremendous vote on the North and South Sides in Chicago and in the country towns of the county.

Speaker Champ Clark was endorsed for the Democratic nomination for president. Mr. Clark carried Chicago by approximately 80,000 over Governor Woodrow Wilson and more than held his own down state.

Blow to Wilson Supporters.

Wilson's overwhelming defeat in Chicago was a blow to his supporters here, who found some consolation, however, in the charge that a coalition of the Clark-Harmon forces had brought about the former Princeton president's undoing.

Governor Deneen was renominated for a third term by a plurality estimated at 75,000. The Deneen plurality in Cook county will be greater than 27,500.

Edward F. Dunne, former mayor of Chicago, is the choice of the Democrats for governor with a plurality of 35,000.

Dunne's plurality over Alschuler in Cook county will not be less than 50,000 and may reach 65,000. The Democratic returns from the outside counties, and particularly from those in the Democratic belt which is below Springfield, are meager but sufficiently indicative to show that Caldwell's lead, which had been conceded in part by both Dunne and Alschuler, was not nearly sufficient to offset the Dunne landslide in Cook county.

Indications are that Senator Cullom had lost in his appeal to the people for another term and endorsement of his Lorimer vote. Lawrence Y. Sherman was running well ahead of him even in districts in which the former speaker of the house was not supposed to have any particular strength.

Roosevelt's state managers claimed his majority over President Taft as from 100,000 to 150,000. Returns indicate his vote was nearly five to two of that for Taft.

SENATOR DIXON IS JUBILANT

Asserts Illinois Primary Ends Taft Campaign.

Washington, April 10.—Senator Dixon, manager of the Roosevelt campaign committee, made the following statement:

"Illinois Republicans have declared for Roosevelt as their nominee for president by more than 100,000 majority. The overwhelming repudiation of Taft by the Republicans of Illinois ends the Taft campaign for a renomination."

"Wherever legitimate primary expression has been had the Republican voters have utterly repudiated Taft. In North Dakota Taft received 1,514 votes out of a total of 57,000. In Wisconsin the Republican voters repudiated Taft's claim by 70,000 majority. The Illinois Republicans repudiate his claim for renomination by over 100,000."

ROOSEVELT IS DE-LIGHTED

But He Refuses to Make Statement on Result of Primary.

Pittsburg, April 10.—Colonel Roosevelt received news of the result of the Illinois primaries shortly after addressing a meeting here, but would make no statement.

"I am much pleased," he said, "but I will make no statement."

Merchant Roasted Alive.

Oskaloosa, Ia., April 10.—Thomas Carney, sixty-six years old, prominent in business circles, was roasted alive at his home here while trying to get furniture out of a burning shed. Carney had gone into the building, when a pile of burning boxes fell across the doorway, obstructing his exit.

EDWIN A. MERRITT.

One of New York's Delegates to the Republican Convention.

APPLAUD PRESIDENT'S WISDOM AND COURAGE

New York Republicans Favor Renomination of Taft.

Rochester, N. Y., April 10.—New York state's delegates at large to the Republican national convention will not be instructed to vote for the renomination of President Taft. Instead the committee on resolutions of the Republican state convention voted almost unanimously to report a resolution to the convention favoring his renomination and urging the entire state delegation to carry out the party's choice.

The committee which drafted the platform and settled the question of instructions finally agreed to the following compromise:

"We applaud the patriotism, wisdom and undramatic courage of President William H. Taft."

"The overwhelming majority of the representatives of the party in the convention assembled favor his renomination and we urge that the delegates at large here elected in their capacity as Chicago carry out this choice of the Republicans of the state and that the district delegates unite to the same end."

The committee nominated as delegates at large United States Senator Root, William Barnes, Jr., chairman of the state committee; William Berri of Brooklyn and Edwin A. Merritt, Jr., speaker of the state assembly.

WILL SUPPORT THE NOMINEE

Weaver Drops Out of Minnesota Gubernatorial Race.

St. Paul, April 10.—Edgar Weaver of Mankato, who announced his candidacy for governor March 25, withdrew from the contest. He gives no reason except that his canvass of the situation has caused him to change his mind. He was preparing for a struggle in Blue Earth county with Governor Elbert and the coming contest had aroused considerable interest.

Mr. Weaver said that he has not talked with any of the governor's friends since he entered the race. He will support the nominee of the convention.

"I have made a careful canvass of the situation," says Mr. Weaver's statement, "the result of which, together with other developments that have taken place, has caused me to alter my determination."

He declares that he will not be a candidate for any political office and that his motive is to promote harmony in the Republican party.

SAYS THE VOTERS PROTEST

Governor Wilson Asserts Broken Promises Make Socialists.

Buffalo, N. Y., April 10.—Speaking before the Ellicott club here Governor Woodrow Wilson of New Jersey expressed the belief that the motive behind the numerous attacks upon business was due mainly to the repeated disappointments that the voters had borne.

These disappointments, he said, were the underlying causes of the growth of Socialism, but that growth represented about 20 per cent of the real Socialism and 80 per cent of protest—"protest against repeated intolerable disappointment."

STICKS CONSUL WITH HATPIN

Crazed Negress Attacks American Representative at Calgary.

Winnipeg, April 10.—Crazed with cocaine and suffering under the hallucination that her father and mother were being detained from entering Canada through the action of American consular officials Camille Bates a colored woman, made a determined attack on Colonel E. Scott, American consul at Calgary, Alta., in his office in the grain exchange building.

Only quick action on the part of the police saved the consul from being seriously hurt by the woman, who was breaking furniture in the office and attempting to close with Colonel Hotchkiss, whom she was sticking with a long hatpin when the police arrived.

DIRECT ELECTION OF SENATORS

Deadlock on Questions May Be Broken Before Adjournment.

SENATOR BORAH CONFIDENT.

House Likely to Recede From Its Position, Which Has Been the Stumbling Block—Senator Smith of Arizona Got a Hearty Welcome—Turner Tells of Trip to Mexico.

By ARTHUR W. DUNN.

Washington, April 10.—[Special.]—Senator Borah is confident that the present session of congress will not adjourn until an agreement has been reached upon the joint resolution providing for the election of senators by direct vote of the people. The deadlock has continued for many months, but it now looks as if the house would recede from its position that the control of the election of senators shall be taken from the federal government.

That has been the stumbling block all the time. It takes two-thirds of the house to adopt what is known as the Bristow amendment and which the southern Democrats have fought quite strenuously. But there has been a decided pressure upon the Democrats to accept the resolution as it passed the senate, which is having its effect.

Must Go to the States.

The amendment must be ratified by three-fourths of the states before it becomes effective. It has been claimed by southern members that their states will never vote to ratify the amendment unless the provision for federal control is eliminated. It is true that federal control now exists, but this is an opportunity to get rid of it, and that is what the south wants.

As a matter of fact, it amounts to but very little more than a sentiment. No one at this time expects that federal control will ever be unduly exercised in any state as it was in the south during reconstruction days.

Glad Hand to Mark.

Probably few men ever came to the United States senate who were so heartily welcomed as Mark Smith of Arizona. About half of the membership of the senate once served in the house, and during the past twenty-five years, while Mark was a member off and on, they became acquainted with him, and of course that meant that they liked him. Anybody who knows Mark Smith could not help liking him. Besides those who served in the house there were many other senators who knew him during these years while he has been working for statehood. Among those who welcomed Mark Smith none felt more truly glad to see him than John Sharp Williams, who was at one time Mark's minority leader.

A Bob Taylor Expression.

In most of the late Bob Taylor's speeches and in many of his lectures occurred this sentence: "The civil war put Dixie on crutches and Yankee Doodle on the pension roll." It was a taking sentence, especially in the regions where Bob spoke a great deal. He used it in after dinner remarks and sometimes in speeches in the senate.

Never Again For Turner.

Former Senator Turner of Washington, now a member of the Canadian boundary commission, knows something of the Mexican situation. "A year ago," he said, "during the time that Madero was an insurgent and trying to drive the Diaz government from power, I crossed the contested territory from the west coast through to the Rio Grande. I was down there looking at mining properties said to be fabulously wealthy. If they contained all the wealth of the world I would not make the same trip again under the same conditions. It was only after our party got through that we learned what a dangerous trip it had been. Never again for me in Mexico while there is a revolution in progress."

What Ought to Be.

Congressman Hamilton of Michigan delivered one of those delightful speeches full of wit and wisdom not long ago, as usual, said many interesting things. Among them he told what ought to be. "Everybody ought to be so good we should not need laws," he said. "Poverty ought to be abolished; no one ought to work too hard or loaf too hard; no one should sell too cheap or too high; no one ought to put the big potatoes on top of the measure; nobody ought to beat his neighbor in a horse trade; no one should put his fence over on his neighbor's line, and nobody should fence in the public domain. There should be no demagogues in politics, and everybody ought to tell the truth and shame the devil, but they don't do it."

This made a good opening for one of the best speeches delivered on the tariff this year. It was from a Republican standpoint, but it is one which should be a catchy campaign document.

Uncle Joe Pained.

Former Speaker Cannon was really pained the other day when Congressman Kitchen of North Carolina attacked protection so vigorously. Cannon is a native of North Carolina, and he told the house how badly he felt that any one from the Old North State should not be protectionist. "If the gentlemen will remain here twenty years," said Uncle Joe, "and serve with me until I am a hundred I am sure he will become a protectionist."

Needed It.

"As soon as Adam awoke and saw Eve he coined the word 'trouble'."—Chicago Record-Herald.

GAYNOR FONDLES HIS HAT

May Shy Title Into Presidential Ring Next Saturday.

New York, April 10.—It was freely predicted by leading Democrats that the speech of Mayor Gaynor at the dinner celebrating the birthday of Thomas Jefferson next Saturday evening would be the formal announcement of his candidacy for the presidential nomination.

It is declared by close friends of the leaders that the ninety delegates from New York, even though uninstructed, will vote for Mayor Gaynor. It was pointed out that friends of Mayor Gaynor already have engaged rooms at a Baltimore hotel and that headquarters will be opened there in the interest of Mayor Gaynor should he consent to be a candidate.

SAY LORIMER ISSUE WAS PARAMOUNT

Taft's Friends Surprised at Result in Illinois.

Washington, April 10.—The result of the primaries in Illinois made a profound impression in Washington. President Taft's friends were prepared to hear that Colonel Roosevelt had carried Illinois, but they were hardly expecting such an overwhelming majority adverse to the president.

They believed they would carry Cook county. The more conservative of President Taft's friends expected Colonel Roosevelt would obtain about two-thirds of the delegates. They still believe that when the returns are finally complete this will be about the relative strength disclosed.

As the situation is explained by the Taft people in Washington the Lorimer issue was paramount in the campaign. For several weeks there has been a growing impression that the second investigation of Lorimer would result, as did the first one, in his retention of his seat.

Undoubtedly the trend of opinion in the senate has been in that direction. Even the opponents of Senator Lorimer have conceded within a few days that the prospect of his retaining his seat was much brighter.

FEDERAL PATRONAGE ABUSE

Colonel Roosevelt Severely Arraigns the Administration.

Pittsburg, April 10.—"No more scandalous abuse of federal patronage has ever been seen than we have seen here in the last two months," said Colonel Roosevelt in referring to the government service in a speech here at Exposition hall. It was one of two addresses the colonel gave here.

Colonel Roosevelt charged that the national Taft bureau was making an effort to debauch the forest service and said it was impossible that the bureau could be acting "without the cordial support and approval of the administration." He also asserted that in Kentucky postmasters, according to advices which had reached him from Edward O'Rear, former chief justice of that state, had been "engaged in the lowest kind of election frauds."

Weights 850 Pounds at Death.

Boston, April 10.—The abnormal weight of 850 pounds attained by Abraham Sodekson caused his death from fatty degeneration of the heart. He was twenty-six years old. Three weeks ago when taken ill Sodekson weighed 434 pounds. During his sickness it is estimated he gained weight at the rate of twenty pounds a day.

ABANDON STEAMER ONTARIO

Eight Members of Crew Take Refuge on Revenue Cutter.

Montauk Point, L. I., April 10.—Rising seas forced the abandonment of the steamer Ontario, which was beached to save her passengers when the vessel took fire early Monday morning.

Eight members of the crew took refuge on the revenue cutter Acushnet and the remainder were taken aboard the wrecking tug Tansu. All started for New London, Conn.

CAUSTIC REPORT MADE TO HOUSE

SLAYS GIRL AND HIMSELF

Jealous Farmer Carries Out Double Tragedy as He Had Planned.

Lansford, N. D., April 10.—The death of Miss Clara Krause from four bullet wounds inflicted by George Wilson and the finding of his dead body in a field about a half mile from his home completed another murder and suicide, growing out of insane jealousy. Wilson is survived by a widow and one child.

Wilson, who was a prominent and prosperous farmer, shot the girl at his home after they quarreled. He had planned the killing, having been to Lansford purchasing a revolver, a bottle of strychnine and also making his will.

Immediately after the shooting, which took place while the girl stood with her back to the murderer, he fled from the house, without hat, coat or vest. His dead body was found in the field, a bullet wound in the forehead telling its own story of the suicide.

Miss Krause, who was twenty-two years old, made a statement to the effect that it was Wilson's jealousy of her that caused the shooting.

The girl had lived at the Wilson home for some time, Mrs. Wilson being her sister.

FIVE KILLED BY EXPLOSION

Bomb Hurled at Portuguese Religious Procession.

London, April 10.—A special dispatch from Lisbon, Portugal, reports five killed and thirty injured in a bomb explosion. The bomb was thrown at a religious procession, marching through the streets on the way to one of the principal churches.

MAD DOG IS SHOT TO DEATH

Canine Bites at Least Five Persons at Minneapolis.

Minneapolis, April 10.—After biting at least five persons and five dogs and for three days keeping a whole South Side neighborhood in suspense a mad dog was run down and shot to death by police and citizens.

Three of the persons bitten by the dog are at large in Minneapolis and were sought by officers to warn them of their peril. One of them is a woman. The names of all were unknown to the police. Unaware of the fact that the dog that bit them was suffering from rabies all three are believed to be unconscious of the peril hanging over them.

Sleep on a Belt His Last.

Mason City, Ia., April 10.—Going to sleep on a wide belt in the power house of the Lehigh cement plant caused the death of Philip Falyk, foreman of machinery. When power was turned on the moving belt carried him into a pulley which whirled him around, breaking many bones and injuring him internally.

Dr. Mary Walker Goes Home.

New York, April 10.—Dr. Mary Walker, the woman surgeon who became famous for her Civil war service and her adoption of male attire, has so far recovered from her serious three weeks' illness here that she was able to leave for her home at Oswego, N. Y.

How We Breathe.

Men and women do not breathe alike. In a woman the breathing is from the thorax or chest, while in a man it is mainly from the diaphragm, which is lower down. This peculiar difference is so marked that it is possible to recognize by it a woman disguised as a man, although the disguise may be faultless in other respects. Most physiologists say that this difference is not due to sex, but owing to artificial conditions, such as the wearing of corsets.

Committee Criticises Suspension of General Ainsworth.

BLAMES TAFT AND STIMSON

Secretary of War Accused of Having Committed "Great and Irreparable Wrong" and "Flagrant Misuse of Official Authority"—President Charged With Prejudicing Case Against Army Officer.

Washington, April 10.—President Taft and Secretary of War Stimson are severely arraigned in a report on the Ainsworth case presented to the house by the military affairs committee.

Secretary Stimson is charged with having committed a "great and irreparable wrong" and a "flagrant misuse of official authority" when last February he suspended General Ainsworth from his duties as adjutant general of the army and charged him with insubordination.

That the president and Secretary Stimson prejudiced the case, that the accusations against the general were based upon prejudice and that the secretary of war has an "erroneous idea" of his relation to congress are some of the other conclusions reached by a majority of the committee, of which Representative Hay of Virginia is chairman.

Following General Ainsworth's relief from duty and when a courtmartial seemed probable the president permitted him to retire from the army because of his long service.

Criticizing the relief of General Ainsworth the report declares the "worst feature of it was that this officer of long and distinguished service had no tribunal to which he could appeal with any hope of justice or fair treatment."

"Suppression of the Truth."

The majority of the committee conclude that General Ainsworth had been guilty of no act which justified the letter of suspension from Secretary Stimson and "that the charges had origin in a determination to drive General Ainsworth from active service and had nothing to support them but bare assertion coupled with misrepresentation and suppression of the truth."

The report then goes on to say that it is incredible of belief that Secretary Stimson believed General Ainsworth guilty of the charges and adds:

"Some other reason must have actuated the secretary of war and that reason is not hard to find. Your committee being familiar with all the phases of the legislative features of the army appropriation bill can very readily account for this violent assault on General Ainsworth."

It is pointed out that General Ainsworth favored the five-year enlistment plan in the army bill which was opposed by other officers of the general staff and that Secretary Stimson's letter of suspension to the general was sent on the day that this feature of the bill was being discussed in the house.

Secretary Stimson's comment to the house when he sent the papers in the case, to the effect that his action "was not to be construed as a recognition of the authority of the house or any of its committees to require of the chief executive a statement of reasons for his official action," is severely criticised.

General Ainsworth's stand upon a certain letter to the secretary of war, upon which one of the charges was based, is defended.

MINNESOTA RATE CASES UP

Argument Begins in the Federal Supreme Court.

Washington, April 10.—The argument of the Minnesota rate cases in the supreme court has begun. Former Judge T. D. O'Brien opened in behalf of the state. The first half hour of his address was devoted principally to relating the history of the case from the legislature and its progress through the courts to the opinion of Circuit Judge Sanborn, from whose decision the case is in the supreme court on appeal.

Judge O'Brien severely criticised the findings of fact of the master, wherein he found that the reduction in the passenger rate from 3 cents a mile to 2 cents a mile was a reduction of 33½ per cent, contending such reduction was not a real reduction in the revenues of the railroad, being more than counterbalanced by the abandonment of excursion rates at one and one-third fare, or even less at times.

JEALOUS WIFE USES GUN

Chicago Woman Fires Eight Times but Husband Will Recover.

Chicago, April 10.—In a jealous rage Mrs. Louise Ritchey fired eight shots at her husband, Charles A. Ritchey. One bullet struck the man in the shoulder, another took effect in the arm, while the others went wide of their mark. She used a magazine revolver.

Ritchey was removed to a hospital where it was said his condition was not serious. Mrs. Ritchey, when arrested, insisted on taking a pet bull dog to the police station with her.

morning endangered the Heath gro-
cery store at 320 Laurel street, as well
as numerous barns and shacks at the
foot of the hill south of the store.
Quite an area of dry grass and brush
was burned. No buildings were
damaged, thanks to the prompt re-
sponse of the fire department.

Wanted at once—Lady canvassers

A grass fire started by children
at the residence of Andrew P. Fall,
507 South Sixth street, Tuesday af-
ternoon, spread to the vacant lots
south and endangered a barn on Oak
street which contained two cows, a
calf and 25 chickens. Mrs. Fall and
the neighbors worked heroically to
extinguish it. A fire alarm was
turned in and the department quickly
controlled the fire and saved the
barn. Chief McGinn ordered the

A case of sad misfortune is that
of the Kreckel family residing at
701 South Pine street. The hus-
band was jailed on a warrant charg-
ing check forging. The family is
from Wisconsin and has not lived
here long enough to get aid from the
county. The woman took every cent
of money she had to hire a lawyer to
defend her husband. They are now
practically destitute and had it not
been for the visiting nurse, Miss

ren would be near starvation. Miss
Bohlke makes an appeal to the pub-

"HE'S NOTHING BUT A MONKEY CHASER"

Says Mother Jones in Referring to Theodore Roosevelt at Last Night's Meeting

SHE MAKES A RADICAL SPEECH

Collection Taken Up for the Benefit of the Strikers on Harriman and I. C. Lines

Appearing under the auspices of the Trades & Labor assembly, "Mother Jones" gave an address at the opera house Tuesday evening for the benefit of the Harriman and Illinois Central railway strikers. A collection was taken up shortly after she finished her tirade against capital.

Although approaching her 80th mile stone, Mother Jones is still vigorous and in nothing more so than her picturesque language, growing eloquent at times as she outlined what she considered abuses arising under our present economic condition. Of a kindly, motherly disposition; her slightly gray hair is fast approaching white; her spectacles perched on her nose or worn at her forehead like all grandmothers do; her neat, black dress ornamented with a bit of lace; her whole appearance betokens that of a generous, mild, soothing grandmother.

But when she talks about present day conditions in child labor institutions of labor troubles in the Cossack ridden slopes of Pennsylvania; of trouble at the mines in Virginia then kindly Mother Jones gives way to her pentup feelings and in terse, vigorous, sounding periods tells her version of things. She has a style of expression which permits of no doubt as to her meaning.

No labor unions which amounted to anything, said Mother Jones, but carried its capitalistic detective. She believed in putting away the secret side of labor unions. Let down the bars. Let the public in. Then these detectives would have no more show than anybody else and it would throw them out of a job.

In speaking of prison reforms she said: "If half the money spent to keep men in prison was properly spent to keep them out, there would be fewer prisons in this country."

"We go after the effects of things and do not try to reach the cause." "The trouble is that we belong to too many clubs. We get only at the surface of things instead of striking directly at the disease."

"A woman is the cause of every scab in the labor union."

Pennsylvania's bill authorizing the Cossacks came from Ireland where they were afraid to resurrect it and use it. "But they applied this system of a police organization in the United States. And Teddy, the monkey chaser, he put the Dick bill through."

Six people sat in the gallery and one-third of the main floor was filled with men and women who listened to Mother Jones. Mrs. Peake, of the machinists' union auxiliary, was not present. Mrs. Jones was introduced by Alderman Henning.

Nordin-Melzer

Dr. C. G. Nordin, medical associate of Dr. Joseph Nicholson, of the Northwestern hospital, was married to Miss Martha Melzer, of St. Paul, at the home of the bride's parents, Mr. and Mrs. A. C. Melzer, Lincoln avenue, on Thursday afternoon, Rev. G. A. Hagstrom performing the ceremony in the presence of intimate friends and relatives of the contracting parties.

The bride was gowned in a simple dress of white embroidered voile. She carried a shower bouquet of white roses. The bridesmaid, Miss Gretchen Melzer, was a sister of the bride, and she was dressed in blue and carried a bouquet of tulips. The best man was Oscar Nordin, a brother of the groom. The house was prettily decorated with palms and ferns, roses and carnations. After the ceremony a six course dinner was served.

Dr. and Mrs. Nordin, after a short wedding trip, have arrived in Brainerd and will make their home in the Bear block. Their many friends wish them much happiness and prosperity, a wish in which the Dispatch heartily joins.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

BRAINERD LANDS THE CONVENTION

Sixth Congressional District Republican Convention to be Held Here on May 15

REPORT OF ST. CLOUD MEETING

Opsahl's Resolution for Preferential Ballots on Presidential Candidates Fails to Carry

The Dispatch is indebted to George J. Silk, editor of the Pine River Sentinel, for the following official report of the minutes of the Sixth District Republican Congressional Committee meeting held at St. Cloud on Tuesday evening, April 9. Some of the important things the committee meeting did are:

- * Alvah Eastman presided
- * George J. Silk elected secretary
- * Fixed representation at congressional convention.
- * Brainerd fixed as meeting place, through efforts of A. M. Opsahl and George J. Silk.
- * Opsahl resolution fails to carry
- * Brainerd convention will bring 129 delegates to town on Wednesday, May 15.

Meeting called to order by Chairman Eastman of St. Cloud pursuant to call. Upon motion George J. Silk of Pine River was selected as secretary.

The following is a list of those to whom a call of the meeting was sent and who were present except as noted as follows. Those marked with a star (*) shows list as found an hour or two before the meeting was held:

George Hanscom, Benton county, *Geo. Homan.
George J. Silk, Cass county, *F. A. Dare.
A. M. Opsahl, Crow Wing county, *R. R. Wise.
Ed. Hines, Hubbard county (absent), *C. F. Sheers.
Wm. O'Brien, Meeker county, *Wm. O'Brien.
Carl Bolander, Morrison county, *A. P. Blanchard.
Andrew Davis, Sherburne county, *F. E. Wellington.
Alvah Eastman, Stearns county, *Alvah Eastman.
Peter O. Scow, Todd county, *B. F. Van Valkenberg.
Asher Murray, Wadena county, *Geo. W. Stowe.
Dr. George E. Means, Wright county (absent), *H. C. Brasie.
J. E. Lundgren, Douglas county (absent), *J. E. Lundgren.
Chairman Eastman explained in presenting the two lists that the one to whom the call had been issued was sent him by Mr. Joubert of Litchfield, chairman of the meeting held at Elk River four years ago, as the names as near as he could remember

of the committee, the original list being in the hands of the secretary, who was traveling in the west. The second list was not found until the afternoon of the meeting too late for rectification. This, explained Chairman Eastman, was the reason for the discrepancy in delegates.

The following representatives were seated from the various counties for the reasons stated opposite their names:

George Hanscom, Benton—Homan left county.
George J. Silk, Cass—Proxy F. A. Dare, also seated by committee.
A. M. Opsahl, Crow Wing—Seated by committee.
Wm. O'Brien, Meeker—Delegate franchise.
Carl Bolander, Morrison—A. P. Blanchard deceased.
Andrew Davis, Sherburne—Proxy F. E. Wellington.
Alvah Eastman, Stearns—Delegate franchise.
Peter O. Scow, Todd—Proxy B. F. Van Valkenberg.
Asher Murray, Wadena—Seated by committee.
Andrew Davis, Wright—Proxy H. C. Brasie.
Not represented—Douglas and Hubbard counties.
Moved and seconded that W. A. Shomaker, Stearns, be authorized to represent Douglas county. Put to motion and lost.
Motion made and seconded that Asher Murray be authorized to represent Wadena county in absence of any other representative. Carried.
Moved and seconded that A. M. Opsahl be authorized to represent Crow Wing county in absence of R. R. Wise. Carried.
Upon motion of Asher Murray, duly seconded and carried the representation from each county at the Congressional Convention was fixed the same as the representation to the state convention, the same being as follows:

County	No. of Representatives
Benton	9
Cass	8
Crow Wing	11
Douglas	12
Hubbard	9
Meeker	13
Morrison	12
Sherburne	8
Stearns	13
Todd	12
Wadena	8
Wright	14
Total	129

Motion made and seconded that the date of the Congressional Convention be set for Wednesday, May 15, 1912, opening at the hour of three P. M. Carried.

The claim of C. A. Gilman of telephone proxies from F. A. Dare, Cass county, and R. R. Wise, Crow Wing county, was voted down by a ballot of the committee.

An invitation was extended by Carl Bolander, Morrison county, to

hold the congressional convention at Little Falls.

An invitation was extended by A. M. Opsahl, Crow Wing county, to hold the congressional convention at Brainerd.

An invitation was extended by Peter O. Scow, Todd county, to hold the congressional convention at Wadena.

A ballot on the place of holding the convention resulted as follows: Little Falls 1, Foley 1, Wadena 2, Brainerd 4, Blank 1. Declared lost by chair.

Second ballot resulted as follows: Little Falls 1, Wadena 1, Brainerd 7, and Brainerd was declared the place of the next congressional convention. Motion made and seconded to adjourn. Put to vote and lost.

The following resolution was offered by A. M. Opsahl, Crow Wing:

Resolution
Believing that it is for the best interests of the Republican party to get an expression from the Republican voters as to their choice of presidential candidates, and believing that the best way to secure such an expression is by preferential ballot, be it

Resolved, that the republican committee of the Sixth District of the State of Minnesota favor such a ballot being taken by each county in this district in the caucuses therein held, and that the delegates elected be governed by the expression of the majority of their precinct, county or district.

To secure such an expression, we suggest that the ballots be prepared with the names of Taft, Roosevelt, LaFollette, and one blank space, and that these ballots be furnished the republican chairman of each precinct, who will have the same at the polls at the time of the caucus, so that each voter may have an opportunity to express his choice for president, and that the return of such ballot be certified to by the judge and clerk of the caucus with the credentials of the delegates elected.

The adoption of the resolution was moved by Mr. Opsahl and after it was thoroughly discussed a ballot was taken as follows:

Hanscom voted no.
George J. Silk did not vote on account of representation by proxy and knowing how men they represented would vote on same.

A. M. Opsahl voted yes.
Wm. O'Brien voted no.
Carl Bolander voted yes.
Andrew Davis voted yes.
Alvah Eastman voted yes.
Peter O. Scow voted yes.

Asher Murray, did not vote on account of representation by proxy and knowing preference of man he represented.

Andrew Davis (for Wright county) did not vote on account of representation by proxy and knowing preference of man he represented.

No's 2, Yes 5, not voting 3. Resolution declared lost by chair for the reason that it did not have a majority of those present.

Upon motion meeting adjourned.

ALVAH EASTMAN, Chairman

Attest: GEORGE J. SILK, Secretary.

NO LIGHT FOR CITY NO PAY FOR TOLTZ

Council and Water and Light Board Issue Ultimatum at Special Meeting Last Night

\$1190 MARCH PAY HELD UP

President Dunn Says 16 Inch Pipe Needed from Pumping Station to get Greater Pressure

Every member of the city council and President Dunn, Commissioner Mahlum and Secretary Nelson, of the water and light board were present at the special joint meeting in the council chambers Tuesday evening. President of the Council C. B. Rowley presided.

The call for the special meeting was read. President Dunn, of the water and light board, was asked to make a statement relative to the Toltz Engineering Co. promises which they had made to better lighting conditions. Mr. Dunn said that on or about September 28, 1911 Max Toltz with his engineer and an engineer of the Minneapolis Steel & Machinery Co. had agreed to install within 45 days and not later than 60 days from that date another unit in the power plant. Nothing further was done until about October 18 when Toltz was asked to fulfill his agreement. The holidays brought no relief. The board wrote him several letters, but got no reply from Toltz.

"However," said Mr. Dunn, "I do not know what we shall do for power if the contract with the Toltz Engineering Company is canceled."

Alderman Henning, of the Third ward, asked to be excused and left the room for a few minutes to attend the meeting at the opera house.

City Attorney Ryan was asked what Toltz had agreed to do in his contract and he said it was to furnish continuous power and current satisfactory at all times.

President Dunn said the water and light board had deferred payment on the March bill of Toltz for current amounting to \$1190 subject to the approval of the council and to consult with the council and make this the basis of a demand resulting in more light or no light.

Alderman Webb said holding back the money on their March bill was the best way to bring the Toltz Engineering Co. to time. "But still," he said, "you can never tell what a Dutchman will do."

Alderman Dieckhaus made a motion, seconded by Alderman Purdy, that the council approve of the action of the water and light board in holding up the March bill for current of the Toltz Engineering Co. and also successive monthly payments until some satisfactory action is taken by the delinquent company. All voted aye on the motion.

Other matters were then taken up. The bill of Policeman J. P. Barney was allowed.

City Clerk Roderick said that he had received a letter from Max Toltz wherein he stated he would be in Brainerd either April 19 or 21.

Mr. Ryan wanted to know what position the council and water and light board wished to take in the Toltz matter if the company started suit for the payment or payments withheld. The matter was discussed, but no definite action taken.

Alderman Henning returned. Alderman Elder spoke about the hydrants and maintained that they should not be used except for fire purposes and when flushing out the same. Mr. Dunn called attention to the use of hydrants at the park.

Mr. Dunn further mentioned the consultation the board had with Engineer Oscar Clausen, of St. Paul, who said that a larger pipe was needed if the city was to get more pressure. The present pipe at the pump house was too small to carry increased pressure. There is at present a 12 inch pipe in the valley to the top of the hill, then a 10 inch and branches of 6 and 4 inch pipes. It was optional whether a larger pipe was to be installed or another of equal size placed alongside the old one. Mr. Dunn asked the council for an expression of opinion.

"You can never figure on a greater pressure down town unless you increase the size of your pipe at the pumping station. You need a 16 inch pipe if you want to do it," said Mr. Dunn. "This matter should be given deep consideration. If you change your water supply later it means abandoning this line and another point to think about is that an incoming board may not agree with the policy of this board. We are able at all times to furnish the pressure if the mains will stand it."

Notice M. W. A.

All members are cordially invited to be present at the next regular meeting Friday evening, April 12th, to hear State Deputy Reilly, of St. Paul, who will be here and will fully explain the new rate plan.

ROOSEVELT CARRIES ILLINOIS PRIMARIES

Special to Dispatch:

Chicago, April 10—In the presidential preference primary in Illinois, Roosevelt lead Taft by nearly 3 to 1. The LaFollette vote was small.

Clark's vote was twice that of Wilson for the democratic nomination.

Deneen was renominated for governor by the republicans and former mayor Dunne, of Chicago, by the democrats.

Cullom is probably defeated for the senatorship.

Woman suffrage was defeated in Chicago.

CROW WING DAM BEING BUILT

Stoner's Dam East of Sylvan to be 27 Feet Above the Bed of Crow Wing River

GRANT-SMITH HAVE CONTRACT

Seventy-two Carloads of Cement and Most of the Material on the Ground for Building

The dam now being built in the Crow Wing river east of Sylvan by Grant, Smith & Co., will add another valuable water power to central Minnesota, says the Pillager Herald. The dam will be 27 feet high above the river bed and will raise the river at Pillager about two feet, making a fine lake about 12 miles long, and affording as fine boating and fishing as there is in the state.

M. D. Stoner has charge of its construction. Seventy-two carloads of cement and the most of the material for its construction are now on the ground, and 42 men are working there at present, to which 60 more will be added after the spring opens. The dam will furnish power for the whole Cuyuna range. The Deerwood steam plant will be used as an auxiliary by the Cuyuna Range Power Co. The Deerwood plant as present supplies Deerwood, Crosby, Ironton, Cuyuna, Ironhub, Oreland, the Armour No. 1 and Armour No. 2 mines and Mr. Stoner is busy reaching out for new territory.

He has negotiations pending with Staples, Aitkin, Wadena, Perham and other cities. Few people realize the extent and magnitude of this water power plant soon to be placed in operation in central Minnesota.

PRESENTATION OF MEMORIALS

To Take Place at High School This Evening and Not on Tuesday as Announced

The presentation of the memorials of the class of 1910 will take place this Wednesday evening, April 10, and the program will commence at 7:45 P. M. sharp. The exercises will be held in the high school assembly room.

The program is to begin early in order that those interested may leave sufficiently early to attend the second benefit performance at the Grand theatre, which is to aid in the work of assisting the poor.

As these memorials are far more pretentious than those ever presented by any other class, and as this is the first formal presentation for several years, a cordial invitation is extended to the public and all lovers of art. No admission fee will be charged.

Some of the Reasons Why the Majestic Range is the Best

A PERFECT BAKER—Absolutely dependable, every day, year in, year out. Built on honor, of the best materials.

OUTWEARS THREE ORDINARY RANGES—The only range made entirely of charcoal and malleable iron. Malleable iron can't break—charcoal iron won't rust like steel.

ECONOMICAL IN FUEL—The seams of the Majestic are riveted (not put together with bolts and stove putty)—they will always remain straight, because neither heat nor cold affects them. The Majestic oven is lined throughout with pure asbestos board, held in place by an open iron grating, you can see it, and it stays there always. Airtight joints and pure asbestos lining assure an even baking heat, saving one-half the fuel. All doors drop to form rigid shelves. No spring. Malleable iron oven racks slide out automatically, holding whatever the y contain.

CROW WING AHEAD

North County Will Have Good Report for Convention of Sunday School Association

The fifty-fourth annual convention of the Minnesota Sunday school association met at St. Paul at 9:30 A. M. Tuesday morning at the Dayton Avenue Presbyterian church. This is the largest religious gathering of the kind in the state, with many delegates from nearly every city and town.

The reports and talks to be made will show the work that has been done during the past year. The re-

port from Crow Wing county will show that since the county convention was held at Brainerd three months ago, at which Dr. Joseph Nicholson was chosen president, the county association has risen from the bottom to the top of the list.

The state has a standard of twelve points for the county associations to work for. Five points rank it as a star county, seven a banner and twelve points a blue ribbon county. —St. Paul Pioneer Press.

PREPARING FOR DR. VINCENT

Commercial Club Meeting Considers Manner of Entertainment, Other Business Transacted

The Commercial club met in regular monthly session on Tuesday evening and transacted routine business after which the coming of President Vincent of the University of Minnesota on Friday under the auspices of the club was discussed. The admission to the lecture will be entirely by ticket and each member of the club has been provided with four admissions, and if any member has not received them they can be gotten of Secretary Smith at the club rooms. The Alumni held a meeting the first of the week and another will be held on Thursday evening to complete their arrangements.

A sub-committee to look up date for presentation to the railroad company in the argument for adequate summer train service was announced. The telephone company through Mr. Considine made the statement that the railroad company had as yet made no provision for furnishing them with the information as to the movement of trains, as reported at the last meeting. Also the matter of a telephone company stating that they had many calls for connection with that office and that it would be a matter of public convenience.

The question of aid for the band during the coming year was under consideration for some time, and a committee of five was authorized to confer with the organization they to formulate some method or plan by which the necessary funds can be raised.

CURES BAD STOMACHS

No Indigestion, Gas, Sourness, Heartburn or Dyspepsia Five Minutes After Taking Diapiesin

If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations or sour, undigested food and acid, heartburn, brash or a belching of gas you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of our body, you must rid your stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of dyspepsia, sick headache, biliousness, constipation, griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapiesin will cost fifty cents at any pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that fermentation and sour stomach is causing the misery of indigestion.

No matter if you call your trouble Catarrh of the stomach, nervousness or gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pape's Diapiesin will regulate any out-of-order stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

The Valve in the Head Motor

The valve in the head motor is acknowledged by all engineers throughout the mechanical world as being the most efficient. The advantages of the valve in the head motor are many, it will run more miles per gallon of gasoline, as it utilizes every ounce of gas in the push of the piston as none of the gas is pocketed and only produces heat and no energy, it is a simpler and lighter motor, it takes less lubricating oil, it is quicker to respond to the wishes of the operator, and above all others it has twenty per cent more power than any other type of motor of the same size. Investigate this motor, it is a wonder.
